SHOPPING CENTRE LIBORI-GALERIE | Paderborn | project information

Facts

Aim of Project

The project created a new quarter in a historic part of the city. Today it is the natural extension of the city and the shopper is provided with a wide variety of retail choice in a single building. The Libori Galerie has been an effective catalyst for the regeneration of the historic parts of the city.

Design Concept

- Creation of a mix of uses
- Integration into the urban structure
- Glazed public square within the shopping centre
- Shopping centre anchored by a hypermarket and a multiplex cinema
- Car park with 600 parkings

Facts

Features and benefits

- Improved links for public transport, pedestrians and cars
- Introduction of restaurants, residential cafes and cinemas create mixed-use and a vibrant new quarter

Statistics

- 13.000 m² retail space / lettable space ca 19.000 m²
- 600 parking spaces
- Leisure facilities including cinema and different restaurants
